THE ROTARY CLUB OF RANCHO BERNARDO

ESTABLISHED 1964

The Miracles of Modern Medicine

Dr. Fontanesi is a professor in the School of Medicine, University of California, San Diego with appointments to the Department of Medicine, Division of General Internal Medicine, Department of Family and Preventive Medicine and the Department of Pediatrics.

He is also Director, Center for Management Science in Health which is the only operational research unit housed in a School of Medicine in the United States.

The focus of the Center is developing theoretically-driven science of health care quality and has a library of over 3,000 direct workflow observations of patient encounters.

Dr. Fontanesi is a recognized expert in operational research in health care and serves on a number of national committees for managed care, public health, and the federal government.

He is the Principle Investigator for a number of studies examining the operational conditions and organizational

structures that facilitate or constrain organizational effectiveness in providing quality care.

Recent studies include workflow analysis, simulation and emergency department re-design, optimized scheduling in ambulatory specialty care clinics, the logistical and fiscal requirements of alternative delivery sites for influenza vaccinations and school-based/pharmacist-administered influenza vaccination programs, improving

MEETING HIGHLIGHTS

By John O'Neill, Scribe Extraordinaire

The meeting was opened a little early by President Suzie, who was looking relaxed and confident in her new role.

Ron Hunt capably handled the Pledge of Allegiance and Dan Malloy rendered a fine invocation.

The indomitable Jack Mitchell led us in song.

President Suzie opened the meeting by thanking greeter Carl Hoffman, plus John O'Neill for the scribing duties. She also acknowledged the invaluable assistance of our setup crew Bill Bonner and Paul Donick.

Suzie introduced our guest and Jack regaled her with our special welcome song.

President Suzie proceeded to thank Larry Saunders for his excellent work on the club website and the 2011 RI Convention posting by presenting him with a spark plug award. Congratulations Larry!

She also thanked Gayla Williams, Dave Brooks, Gabriela Brown and John Goodrich for manning the Rotary booth at the San Diego County Fair on July 5. John O'Neill was thanked for keeping the volunteer list up to date.

Birthdays were celebrated with delicious pieces of cake for all. Finemaster John O'Neill once again fined Marty Judge for failing to sign in. He also drubbed Jason Salazar for wearing an unseemly pink polo shirt and Jim Hyldahl for a less than valiant attempt at running the raffle. A number

of happy bucks were also collected.

Paul Donick reminded everyone to sign up for Day at the Races on Wednesday, August 11.

J e a n n e H a w k i n s encouraged everyone to attend the Friday, July 23 TGIX at Ed Glenda Knight's home.

Ron Hunt asked us all to support the July 30 and 31 performances of the musicians from

John O'Neill

our esteemed Music Camp program.

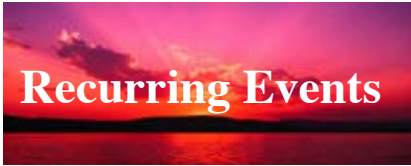

Our program was The Wonders of Birch Aquarium, presented by Dr. Nigella Hillgarth, executive director of the aquarium. She described the wonderful experience of visiting the aquarium and passed out free VIP tickets to the club members.

In perhaps her finest move of the day, President Suzie rang the bell and adjourned the meeting.

President Suzie presents a spark plug award to Larry Saunders for his work on the club website and the 2011 RI Convention -- by Arilla St. Laurent

Rotary Club Meetings: Weekly on Thursdays from 12:30 to 1:30 p.m. Buffet opens at 11:30 a.m. for early

birds to socialize.

Medicine

Continued from Pg. 1

patient compliance through work re-design and restructuring the role and relationships between the Vaccines for Children field staff and Providers.

Recent publications range from the cost and efficiencies of mass vaccination clinics, discrete event simulation of ambulatory clinics, modeling patient arrival times and the role of measurement in improving quality of care in ambulatory care clinics.
